Dear Dr. Yan:

This is in response to your letter to the Food and Drug Administration (FDA) dated July 16, 1997, regarding nutritional support statements made for seven dietary supplement products that your company plans to market in the United States.

Under section 403(r)(6) of the Federal Food, Drug, and Cosmetic Act (the act), a manufacturer is required to notify FDA that a statement of nutritional support is being made no later than 30 days after the first marketing of the dietary supplement bearing the statement on its label or in its labeling. We will consider your letter, dated July 16, 1997, to be the required notification to FDA that nutritional support statements are being made on the label or in the labeling of the seven dietary supplement products listed in your letter.

Please contact us if we may be of further assistance.

Sincerely yours,

Jeanne E. Latham, R.D., M.S., L.D.
